BARONY MARCH OF MONS TONITRUS

## *Words from Our Baron and Baroness*

Monsters,

Brigit and I wish to make known a huge debt of gratitude for Wulfric Von Frankfurt. Effective yesterday, Wulfric has stepped down from the position of Baronial Seneschal. Wulfric has served Mons Tonitrus in so many ways and in an exemplary fashion for almost 5 years. For almost the last 3, he has been Our trusted right hand. He has always been there for us, and been there for the barony, whenever needed. We will truly miss having him as one of Our officers and the barony will be poorer for it.

This opens the process of advertising the opening for Baronial Seneschal. We will accept any and all letters of intent for 90 days, closing on Aug 07.

In the interim, Master Martin de Gras will be stepping in to act as Our Emergency Deputy Seneschal.

Please send any LOIs to: [monstonitrus@gmail.com](mailto:monstonitrus@gmail.com), [seneschal@atenveldt.org](mailto:seneschal@atenveldt.org), and to [bmmtseneschal@gmail.com](mailto:bmmtseneschal@gmail.com).

***Knight Marshal, Sherriff, Lists, Regalia, and Deputies, Oh My!***

My fellow members of the Barony March of Mons Tonitrus, I come before you to let you know of opportunities available in our fair Barony.

We ask those individuals who are interested in becoming officers to come forward and make themselves known.

Currently the offices listed above are available. If interested, please contact the Seneschal or Their Excellencies Finnian and Brigit.

As always, all Officers need deputies who are willing to learn, train, teach, and assist in aspects of those duties.—or just want to learn more about the ins and outs of the Barony.
